

HOLIDAY CRAFTS

EASTER EGG HOLDERS

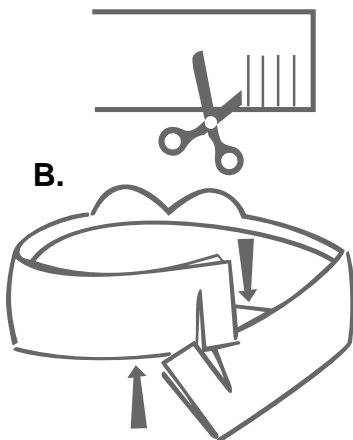

DRESS UP YOUR EASTER EGG!

Your littlest crafters will love decorating Easter eggs with these whimsical paper cut-out egg holders. Just hand out the safety scissors and let them hop to it!

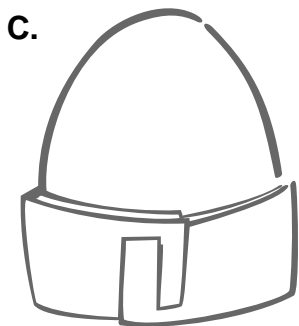

YOU'LL NEED:

- Cardstock
- Crayons, colored pencils, or markers (optional)
- Scissors
- Glue, stickers, googly eyes, felt, etc. (optional)
- Tape
- Hard-boiled and dyed Easter eggs

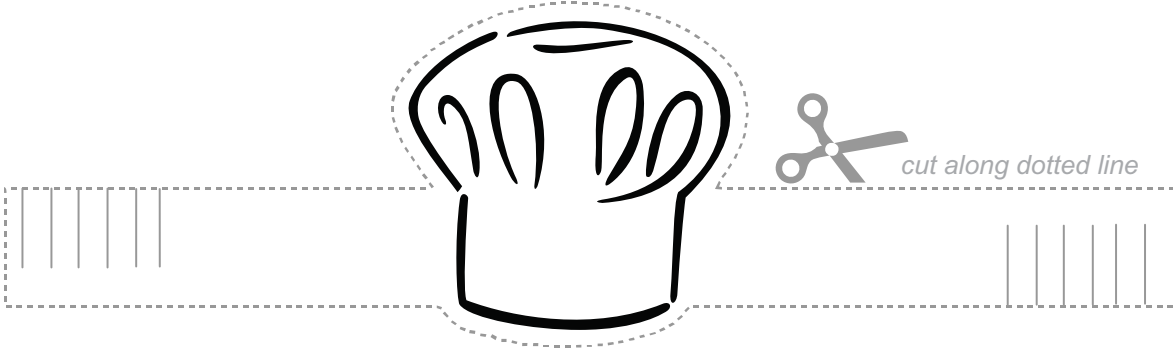

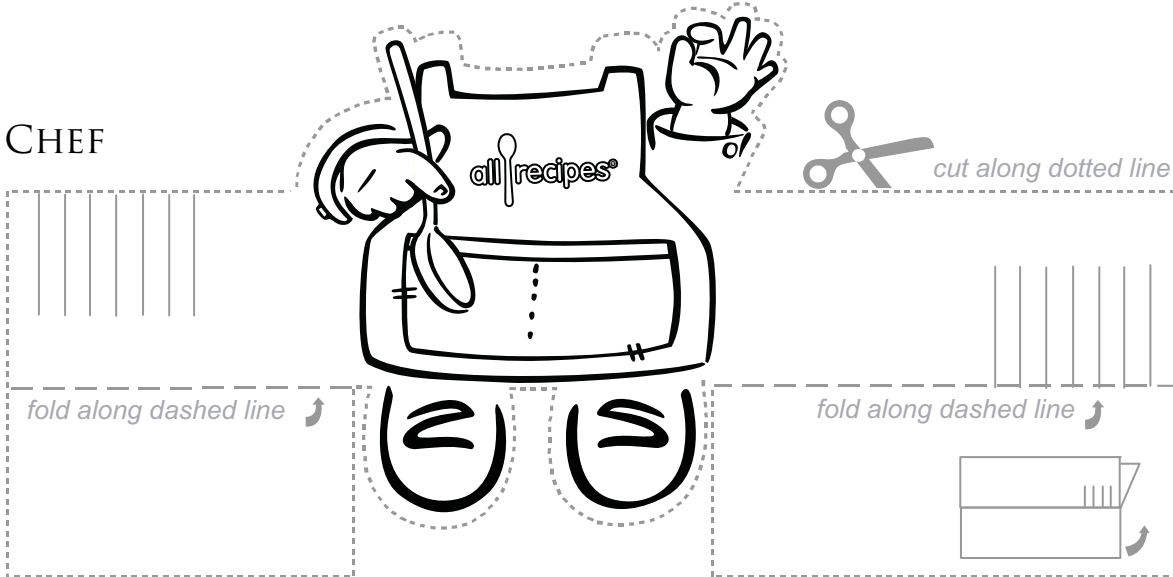

DIRECTIONS

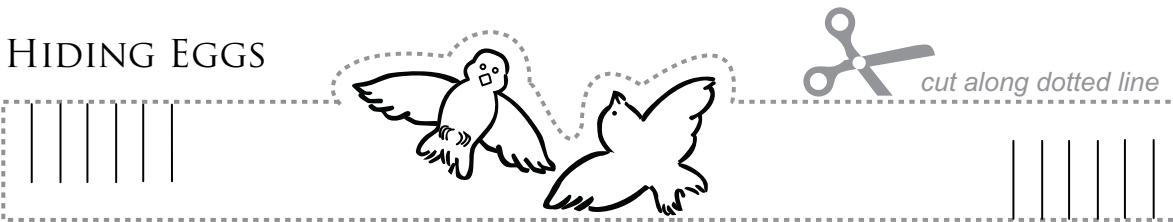

1. You can print these egg stands in black and white or color. Just choose the pages you want and send to your printer. Each design comes in two pieces: one for the base of the egg and one for the top. For best results, print on sturdy cardstock paper so the egg can stand up on its base.
2. Follow the dotted lines to cut out the base and the top pieces.
3. Fold the base of the egg stand along the dashed line. (Diagram A)
4. With the base folded, cut the recommended slit marks. Gently hook the slits into each other so the base is snug enough to hold the egg. (Diagram B)
5. Use a small piece of tape to secure the back of the base to the egg. (Diagram C)
6. Fold the “legs” forward so they stick out in front and balance the standing egg.
7. Cut the recommended slit marks in the top piece. Hook the slits into each other and top off your egg. Add faces using stickers, markers, or glued-on embellishments.
